Priest's Script for Announcing America's Rosary

Dear brothers and sisters,

Our parish is preparing to launch something beautiful and deeply needed in our time: **America's Rosary**. This is a simple but powerful way for us, as a parish family, to pray for our nation, for peace, for unity, and for the protection of every family in our community.

Over the next few weeks, you'll see invitations and opportunities to join us. We are forming a small team to help organize the event, prepare materials, and welcome everyone who wishes to participate. If you feel called to help, we would love to have you.

We have set the date for our parish-wide America's Rosary gathering on **[insert date] at [insert location]**. Every parishioner—every family, every ministry, every age—is invited.

Let us come together as one community, united under Our Lady, to pray for our country and for one another. May this be a moment of grace, healing, and hope for our parish and for our nation.
